Endless table round
Aart van Asseldonk - 2018

Endless table round

Aart van Asseldonk - 2018

Dimensions Endless round:

Ø 130 x 76 (h) cm

Table top diameter: 130 cm (4-5 people)

Diameter bottom: 62 cm

Height: 76 cm

Table tops: The table top is available in glass or solid wood. With a wooden top (thickness 20 mm) can be chosen from solid wengé, oak or American walnut, all with a transparent, matte lacquer layer. A glass top (thickness 10 mm) is available in clear glass or bronze glass. The glass table tops are on an oak inlay.

Frame: The frame is made of solid steel (5 mm thick), black powdercoated RAL 9005.

The Endless table series consists of a round edition and a modular rectangular version. Aart van Asseldonk originally designed the table for the iconic De Ploeg factory (Gerrit Rietveld, 1958). The construction of the glass façade and the transparency that crosses the entire De Ploeg building were the starting point for the design of the Endless table.
